

BEGIN AGAIN
JASMINE LÓPEZ

They say, "Everyone deserves a second chance."

But, sometimes those second chances are either taken lightly
or they are taken as a gift.

They say, "Butterflies are God's proof that we can have a second life."

Once you get a second chance, don't let it go,
because you won't be able to have another opportunity like that again.

A second chance in life is given to everyone,
but only those who actually want it, get a second opportunity.
