FRIGHTENING MOMENT

Kayla Rivera

Why do speeches exist?
I get frightened just to hear the word "speech"
¿Por qué tengo que decir este discurso frente a miles de personas?
Of so many people in the crowd, you had to choose me?
I picture the worst moment happening while giving the speech
I get frightened just to hear the word "speech"
Un discurso es una manera de compartir un mensaje con las personas
Is this speech creative? Formal? I don't know!
Just thinking about it makes me feel more frightened
Why do speeches exist?
I get frightened just to hear the word "speech".
