 Spirit Jewel.
 I know you from school Spirit Jewel.
 I'm in your brain.
 Portions of your brain are torn from your skull
 Still pulsing
 electric synapses overburned-end
 slowly skipping

 Rosie uses lot's of drugs
 She went platinum—she's pasting gold leeches on her arm...
 "Do you like?"
 Bruised and shaky — Fresh tracks on her arms.
 "I like."
 I wrenched off her skull cap to find her pituitary gland, pop in a straw and suck.
 A child all the time.

Episode #365 from 1965

She cut her finger with the coat hanger while forcing entry into your vehicle]
Curled in fetal position on the passenger seat...
she has a black thumb
rotting from Seattle,
but we're nursing it back to green so she can grow those
TASTY FLOWERS.

Those splendid pink flowers
labia's burst open,
torn apart
to greet the burning nebula.

EDIBLE PANSIES

Jan's gonna think that sounds trite...

TRITE.- the simple, the thin, void of depth expression of a word which itself is beautiful.
